

# Beautiful Performance

IT'S OUR PATRIOTIC DUTY

Shown in Graystone

Your home is a reflection of your lifestyle.

From the way your furniture complements your wall colors to the way your roofline interacts with the landscaping.

What does your home say about you?

### Reaching for the ENERGY STARS.

As a 2015 ENERGY STAR Sustained Excellence recipient for Energy Management, we are proud of our commitment to designing high quality, sustainable roofing products.

## Integrity Roof System™

A systems approach combines high-performance components – underlayments, shingles, accessory products and ventilation – to make the Integrity Roof System a complete roofing solution. When you choose an Integrity Roof System, you gain the advantage of having CertainTeed as your single manufacturing source to stand behind its roof system components.

### WinterGuard®

Waterproofing shingle underlayment prevents leaks from wind-driven rain and ice dams in vulnerable areas.

### Roofers' Select® or DiamondDeck®

High-performance underlayment provides a protective water-resistant layer over the roof deck and a secondary barrier against leaks.

### Starter Shingles

Starter shingles are designed to work specifically with each different type of CertainTeed shingle for maximum performance.

### CertainTeed Shingles

High-Quality shingles available in a wide variety of styles and colors, covered by the strongest warranty in the business. Flintlastic roll roofing products are also available for flat roof areas.

### Hip & Ridge Caps

Accessory shingles are used to finish the hips and ridges of the roof and are designed to complement the appearance of CertainTeed shingles.

### CertainTeed Ridge Vents

CertainTeed Ridge Vents combined with sufficient intake vents, such as CertainTeed Intake Vents, are the most effective ventilation system.
