Brighten your home with eye-catching accent shades, unify and simplify your exterior with a monochromatic color scheme, or choose contrasting colors for special areas.

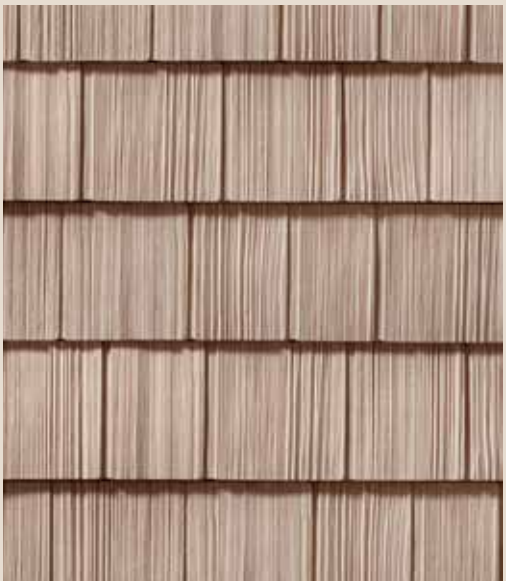
TrueTexture™

Northwoods utilizes a direct transfer system from real cedar shakes and shingles for a natural TrueTexture woodgrain finish. There are two textures to choose from: Perfection and Rough-Split.

Better than wood

Northwoods shakes and shingles stay beautiful and consistent in color on all sides of the home without continual maintenance.

Real cedar shakes and shingles must be stained or bleached to prevent discoloration. These treatments will need to be repeated over time.



Perfection Shingles

Perfection has clean edges and smooth lines to complement the quiet beauty of the natural wood textures. In a straight edge design, Perfection Shingles create a more refined look – style once reserved for the finest homes.

Low Maintenance

High quality vinyl does not absorb moisture or rot.

Flame Spread Rating

Highly resistant to fire and does not spread flames (Class A).

Windload

Northwoods can withstand wind pressure up to 200 mph.

Panel Thickness

.060" (perfection shingles) and .050" (rough-split shakes) makes Northwoods very durable.
